Supply List for Little Things that Count

“What *is* that? It just adds *so much!*” The closer someone gets to your quilt, the more you should give them to see. Learn detail techniques that when added to your quilts, will delight the viewer every time. In-class adventures include, but are not limited to: pipings & cordings, bobbin work, improvisational couching, fun with rickrack, Shisha glass embroidery.

Instructor will provide kits with the cool stuff we'll use. (Kit fee: \$20 for 6hr class)

Please bring:

- ❖ **Sewing machine** in good working order. And, *if you own these already*, please bring your **quarter-inch foot, cording foot, open-toe embroidery foot**, and any feet you like for **machine quilting**.

[Please, please don't buy any new feet especially for class. Just bring what you have!]

- ❖ **Basic sewing supplies**, including *good* fabric scissors, and scissors for cutting paper.
- ❖ **Glue stick**
- ❖ **Cotton thread** for machine sewing, and some **decorative threads** just for fun.
